Re: Capital development requirements affecting House Bill 13-1079

House Bill 13-1079, **CONCERNING THE CREATION OF THE JOINT TECHNOLOGY COMMITTEE OF THE SENATE AND HOUSE OF REPRESENTATIVES**, involves **capital development**. This bill appears to be subject to the following requirement:

- **Copies reviewed by the Capital Development Committee**  
(House Rule 50 and Senate Rule 42 require that copies of bills, having been determined by the rules of the House or Senate to be dealing with capital construction requests, controlled maintenance requests, or proposals for the acquisition of capital assets, be sent to and reviewed by the Capital Development Committee for advisory recommendations to the bill's assigned committee of reference.)

We have also communicated this information to the sponsor of the bill and to the chair of the Capital Development Committee.

If you have questions, please contact our office.
